

NEWS RELEASE

HealthSpace Announces Contract with KFL&A Public Health and Issues Stock Options

VANCOUVER, BC – March 9, 2017 - HealthSpace Data Systems Ltd. (the “Company” or “HealthSpace”) is pleased to announce that the Company has signed a three-year contract, with renewal options, to provide its environmental inspection software and services to KFL&A Public Health in Ontario. KFLA is a local public health agency with over 200 staff and 150 volunteers that delivers public health programs and services to the more than 180,000 residents of the Kingston, Frontenac and Lennox & Addington area. HealthSpace President, Joseph Willmott stated "we are delighted to have KFL&A Public Health as a client as they are considered one of the more progressive health units in Ontario." The contract is worth \$56,420.

The Company also announces that it has granted an aggregate of 75,000 stock options to a consultant of the company. Each stock option entitles the holder to purchase one common share of the company at a price of .08 cents per common share for a period of five years from the grant date.

About HealthSpace Data Systems Ltd.

HealthSpace is an industry leading technology company currently providing inspection, information, communication and data management systems for federal, state, county and municipal governments. Over the last decade, HealthSpace has successfully developed both enterprise and mobile internet-based applications currently serving over 300 state and local government organizations across North America. HealthSpace currently offers the only integrated inspection, administration and analytics product suite across all platforms in North America. Further HealthSpace now delivers it's government grade technologies to private businesses enabling them to gain visibility and predictability into their own organizations and move from a reactive to a proactive operational status. HealthSpace continues to deliver focused service and innovative solutions to government organizations, while expanding into commercial enterprise verticals to enable new customers with proactive environmental health best practices and policies.

Forward-Looking Statements

This release may contain forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although HealthSpace believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward looking statements. HealthSpace expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.
