

NEWS RELEASE

HealthSpace Adds Oregon's Most Populous County as a Client

VANCOUVER, BC – August 8, 2017 – HealthSpace Data Systems Ltd. (“HealthSpace”) is pleased to announce that Multnomah County, the county seat being Portland Oregon, has joined 33 other counties in Oregon who use HealthSpace’s Environmental Health Software. Multnomah County has a population of over 790,000. With the addition of Multnomah the reoccurring revenue will be \$121,000 US annually after the initial deployment service revenue of \$55,000 US for Multnomah.

HealthSpace President, Joseph Willmott stated "We have enjoyed an excellent service relationship with other counties in Oregon and with the inclusion of Multnomah County, HealthSpace now services the entire state of Oregon."

HealthSpace Data Systems Ltd.

HealthSpace is an industry leading technology company currently providing inspection, information, communication and data management systems for federal, state, county and municipal governments. Over the last decade, HealthSpace has successfully developed both enterprise and mobile internet-based applications currently serving over 300 state and local government organizations across North America. HealthSpace currently offers the only integrated inspection, administration and analytics product suite across all platforms in North America. Further, HealthSpace now delivers its government grade technologies to private businesses enabling them to gain visibility and predictability into their own organizations and move from a reactive to a proactive operational status. HealthSpace continues to deliver focused service and innovative solutions to government organizations, while expanding into commercial enterprise verticals to enable new customers with proactive environmental health best practices and policies.

Forward-Looking Statements

This release may contain forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although HealthSpace believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward looking statements. HealthSpace expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.
