HealthSpace Announces USD \$294,000 with the Tennessee State Department of Health

Vancouver, BC – January 29, 2018 - HealthSpace Data Systems Ltd. (the “Company” or “HealthSpace”) (CSE:HS) (Frankfurt:38H) announces that the Company signed a five-year contract with the State of Tennessee State Department of Health to deploy its new cloud and mobile inspection management system called HealthSpace CS Pro. This is a result of a successful one-year pilot where the department was able to test the mobile inspection app. The contract value is minimum USD\$294,000 and may be as high USD\$440,800 depending on the number of users that eventually use the system.

The Tennessee Department of Health inspects and regulates state-wide food establishments, public swimming pools, hotels/motels, bed and breakfasts, tattoo parlors and body piercing studios, organized campgrounds, child care facilities, schools and correctional institutions.

About HealthSpace

HealthSpace is an industry leading technology company currently providing inspection, information, communication and data management systems for federal, state, county and municipal governments. Over the last decade, HealthSpace has successfully developed both enterprise and mobile internet-based applications currently serving over 300 state and local government organizations across North America. HealthSpace currently offers the only integrated inspection, administration and analytics product suite across all platforms in North America. Further, HealthSpace now delivers inspection and auditing systems to private businesses enabling them to gain visibility and predictability into their operations to improve performance and safety. As HealthSpace continues to deliver focused service and innovative solutions to government and business organizations, it is developing advanced blockchain technology to revolutionize service delivery to its core market while expanding into other commercial enterprise verticals.

Forward-Looking Statements

This release may contain forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although HealthSpace believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward looking statements. HealthSpace expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.
