News Release

HealthSpace's Michigan Client Base Grows to 10 Regional Health Districts

Vancouver, BC – August 31, 2018 - HealthSpace Data Systems Ltd. (the "Company" or "HealthSpace") (CSE:HS) (Frankfurt:38H) (OTC:HDSLFL) announces that the Company has signed a contract with the Branch-Hillsdale-St. Joseph Community Health Agency.

Branch-Hillsdale-St. Joseph Community Health Agency (BHSJ) is the public health provider for three counties in southern Michigan. BHSJ consists of three primary locations - Coldwater, Hillsdale, and Three Rivers. The Environmental Health branch of BHSJ provides public health services to all individuals that reside in the tri-county area, and seeks to integrate and update the data collection and reporting methods. Utilizing HealthSpace CS Pro will increase the efficiencies for the EH services provided to the local community which include Food, Septic, Well, Type II Water, Campgrounds, Swimming Pools, Body Art and Septage.

HealthSpace President, Joseph Willmott stated "This is the tenth such agency to become a HealthSpace client in the State of Michigan and the first in Michigan to acquire the HealthSpace CS Pro application."

The value of this new contract is \$64,900 USD over the next three years.

About HealthSpace

HealthSpace is an industry leading technology company currently providing inspection, information, communication and data management systems for federal, state, county and municipal governments. Over the last decade, HealthSpace has successfully developed both enterprise and mobile internet-based applications currently serving over 300 state and local government organizations across North America. HealthSpace currently offers the only integrated inspection, administration and analytics product suite across all platforms in North America. Further, HealthSpace now delivers inspection and auditing systems to private businesses enabling them to gain visibility and predictability into their operations to improve performance and safety. As HealthSpace continues to deliver focused service and innovative solutions to government and business organizations, it is developing advanced blockchain technology to revolutionize service delivery to its core market while expanding into other commercial enterprise verticals.

Forward-Looking Statements

This release may contain forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although HealthSpace believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward looking statements. HealthSpace expressly disclaims any intention or obligation to update or

revise any forward-looking statements whether as a result of new information, future events or otherwise.
