

NEWS RELEASE

HealthSpace CEO to Participate in Idea Week Panel on Blockchain in Healthcare

VANCOUVER, BC – April 5, 2019 - HealthSpace Data Systems Ltd. (the “Company” or “HealthSpace”) (CSE:HS) (Frankfurt:38H) (OTC:HDSLFF) announces that its CEO, Silas Garrison, will participate at Idea Week (<https://ideaweek.com/>) on a panel discussing Blockchain in Healthcare. The panel is comprised of several notable individuals across both the public and private sectors, and will discuss various ways blockchain technology can be applied to real-world scenarios.

Idea Week will take place April 8-13 (Monday-Saturday) and is hosted by the University of Notre Dame, the South Bend-Elkhart region and various community organizations and businesses. It will be held at Notre Dame and other locations throughout South Bend and Elkhart and will be open to the public. Emmy Award-winning speaker Bill Nye the Science Guy and Wired magazine co-founder Kevin Kelly are among some of the keynote speakers for Idea Week 2019, an annual event that celebrates innovation, entrepreneurs and the incubation of new ideas.

HealthSpace CEO, Silas Garrison commented “I am delighted to be able to participate in such a great event. Entrepreneurship embodies much of what we do at HealthSpace and this event highlights so many great new ideas and innovations across a broad spectrum of industries. The panel will be a great place to openly discuss ideas and current-day initiatives surrounding blockchain technology.”

HealthSpace Data Systems Ltd.

HealthSpace is an industry leading technology company currently providing inspection, information, communication and data management systems for federal, state, county and municipal governments. Over the last decade, HealthSpace has successfully developed both enterprise and mobile internet-based applications currently serving over 300 state and local government organizations across North America. HealthSpace currently offers the only integrated inspection, administration and analytics product suite across all platforms in North America. Further, HealthSpace now delivers its government grade technologies to private businesses enabling them to gain visibility and predictability into their own organizations and move from a reactive to a proactive operational status. HealthSpace continues to deliver focused service and innovative solutions to government organizations, while expanding into commercial enterprise verticals to enable new customers with proactive environmental health best practices and policies. HealthSpace has now entered into the FinTech space by creating a payment platform that streamlines the intake of government revenue for the agencies it serves.

Forward-Looking Statements

This release may contain forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although HealthSpace believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward looking statements. HealthSpace expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.
